Paper Bowl Jelly Fish

Directions:

1. Start by cutting up your tissue paper into square pieces. Use a few different colors if you want to make your jellyfish craft extra colorful.
2. Turn your paper bowl upside down and add glue all over the bottom of it and the sides. Put your tissue paper squares all over your bowl, covering the bottom and sides of the bowl completely. Let the glue dry completely.
3. Use scissors to poke a small hole in the center of your paper bowl. Push the white string through the hole, tie a knot in the end and tape it down inside the bowl.
4. Remove the adhesive backing from your curly gift bow and attach it to the inside of the bowl. You'll want to position it so it hangs down from the center of the bowl.
5. Finish your cute and colorful jellyfish craft by gluing on googly eyes! Enjoy!

School of Fish Snack

Outrageous Ocean Snack Ideas

Materials: Whole Wheat Bread, Peanut Butter, Jelly, String Cheese, Bananas, Raisins, Celery, Circle Cookie Cutter, Cooking Scissors

Start by making peanut butter and jelly sandwiches with the whole wheat bread, peanut butter and jelly. Cut the sandwiches into circles using the circle cookie cutter. At the bottom of the circle, use the cooking scissors to cut the squiggly bottom. Pull apart the string cheese and arrange underneath the sandwiches to resemble jellyfish tentacles. Slice the bananas. Use the banana slices and raisins for eyes. Slice the celery into small pieces and use a slice of celery for a smile. Enjoy!

Materials: Celery Sticks, Goldfish Crackers, Cream Cheese, Blue Food Coloring (Optional)

Spread cream cheese in the celery sticks. Have the kids place Goldfish Crackers in the cream cheese to look like the fish are swimming in a line. To make this snack even more fun, you can add blue food coloring to the cream cheese to look like water before you spread it on the celery sticks. Enjoy this simple but fun ocean snack!
