Craft Time

End of the Rainbow Twirlers

1. Start by having the kids paint rainbow stripes on the front of a paper plate.

2. Let it dry and flip it over to paint the back as well. Blow dryers are great to help it dry faster.

3. Grab scissors and start at the outside of the plate to cut spirals. Cut out a black pot of gold and glue it to the end of the plate.

4. Glue on some yellow circles to make the gold...you can add some sparkles too!

What you will Need:

- Paper plate
- Paint
- Black and yellow paper
- Scissors
- Glue

Snack Ideas for St. Patrick's Day

Rainbow Fruit Skewers are a simple snack with an added St. Patrick's twist. To make it look like a rainbow, follow this pattern: Put 2 Red Grapes on the skewer, then 2 blueberries. Next is 2 Green grapes. Put on a chunk of pineapple. Then a chunk of cantaloupe. Last, you will want to put on half of a strawberry. Optional - make a yogurt dip with plain yogurt and a little honey or agave mixed into it.

Start out by cutting the front off of the apple using a knife.. Cut out a hat from that slice. Attach it on the top using half of a toothpick. Save your apple scraps to cut out a nose. Cut a slice from a strawberry to make the mouth. Press on the edible eyes. Everything should stick but you can also use peanut butter to secure. Cut clementine slices in half to make the beard. They should also stick, but break toothpicks in half to secure if needed. Press the heart sprinkles on the hat to make a shamrock.
